

Lead to Change Yourself

By

Syeda Henna Babar Ali

Lead to Change Your Self

- We cannot change the world or anyone else
- We can change ourselves be live at optimum
- Do our best each day
- Be the person we really want to be driven by the passion to succeed in our personal mission by upholding our values and living a life of contentment and peace.

Lead To Change Your Self

- Your interior self impacts you.
- Your daily behavior indicates who you are
- Your belief system makes you behave and do what you do
- Change is not a one stop journey it is a slow incremental process that requires commitment, effort and daily action.

Lead To Change Your Self

- What is it that you want to change?
- Why?
- Your attitude?
- Your actions?
- Your habit?
- How you process thoughts?
- Your mood?

Lead To Change Your Self

- All of us live in and have four quadrants
- Soul
- Heart
- Mind
- Body

Lead To Change Your Self

- You become the influences you most spend time with.
- There are three circles of influence
- The core
- The inner circle
- The outer circle
- Analyze those who influence your life

Lead To Change Your Self

- Are you happy with who you are?
- What does it take to make you feel happy?
- Are you comfortable with your Self?
- How will you get comfortable with your Self
- Learn to spend time alone
- Write a journal
- Give your Self space to learn and grow by reading and writing, thinking , contemplating, assimilating thoughts and words into action.

Lead to Change your Self

- Select your association:
- Ask your Self:
- Which people fill your life with joy?
- Which people steal your happiness?
- Trust how you feel and guide your Self to choose and be with those that give you Joy.
- People, places and pursuits that give and create happiness, add these to your life daily.

Lead To Change Your Self

- Do what is most difficult first
- Doing difficult things is critical for enabling us to grow.
- You may not want to do it or feel like doing it because it is difficult
- It is precisely for this reason that we must do what is difficult to grow and mature.

Lead To Change Your Self

- Learning is not purely an intellectual process
- Learning is an emotional process as well.
- Wisdom comes when the intellectual and emotional process are combined to create or acquire knowledge.
- Learn to process pain
- It is difficult to process through pain.
- Negativity drains us!

Lead to Change Your Self

- Negativity consumes energy, it's toxic.
- If we are angry and hurt inside it is difficult to do anything because we wallow in self-pity and feed on negative energy which takes us into depression.
- Learn to forgive others.
- Learn to forgive your Self

Lead To Change Your Self

- Work through your toxic emotions
- Work through anger
- Work through hurt and pain
- Work through resentment, sadness, disappointment
- Process the past, enjoy the magic of present life!
- Keep a journal, work with a therapist, life-coach
- Release your negative emotions

Lead to Change Your Self

- Heal your Self
- Victims run away from reality
- Heroes run into their fears and conquer them.
- Emotional IQ is significant
- Be your authentic self.
- Have empathy
- Feel for others
- If you don't feel for others you can't change your Self either.

Lead To Change Your Self

- Be kind to everyone.
- A closed heart cannot be kind
- Amplify Love
- Have an open welcoming heart
- Grow through your relationships
- People come into your life for a reason
- To teach you, to make you learn life's lesson if you are willing to learn and grow.
- Be human
- Take off your social mask

Learn To Change Your Self

- Simplify
- Go lean
- What is your life style?
- Get rid of the mess in your life, your home and your work
- Focus on your talent.
- You have more talent than you can imagine.

Lead to Change Your Self

- Dump complaining
- Dump gossiping
- Dump criticizing
- All these negative actions drain energy and prevent you from becoming what you can become and doing what you want to and need to do for your Self.

Lead To Change Your Self

- Build your Will power
- Will power is a muscle the more you use it the stronger it gets.
- Avoid what hurts the brain
- Do things that help the brain
- Care about your brain.
- Your environment matters.

Lead To Change Your Self

- Stop feeling deprived!
- Learn daily gratitude
- Write a gratitude journal
- Incorporate gratitude into daily life.
- Know the truth and the truth will set you free.
- Be contentious

Lead to Change Your Self

- Get 8 hours of sound sleep
- The body and mind repair during sleep
- Rem sleep is critical and important for renewal and feeling fresh the next morning
- Sleep promotes learning
- Relax and renew your Self

Lead To Change Your Self

- Relaxation is the new luxury
- Solitude
- Inner Peace
- Silence
- Tranquility
