Notification

Plant Maintenance

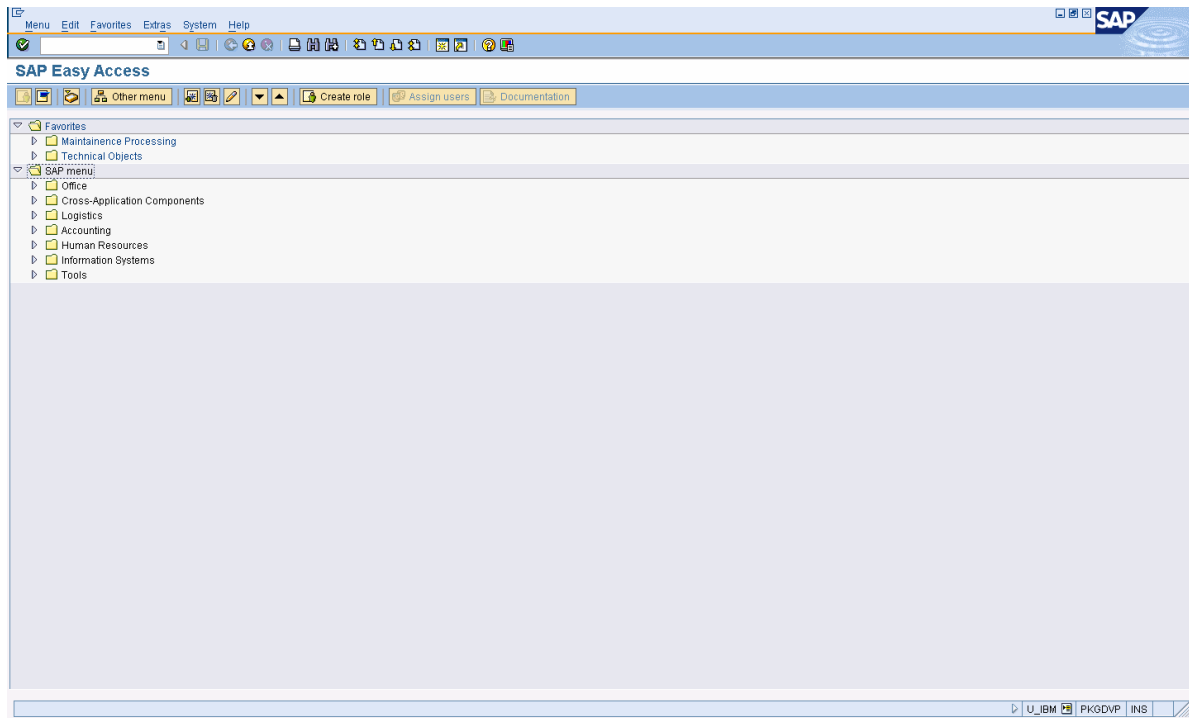

Prepared by : Usman Nazir

Date of Publication : 27.07.2011

Procedure

1. Start the transaction using the menu path or transaction code.

SAP Easy Access

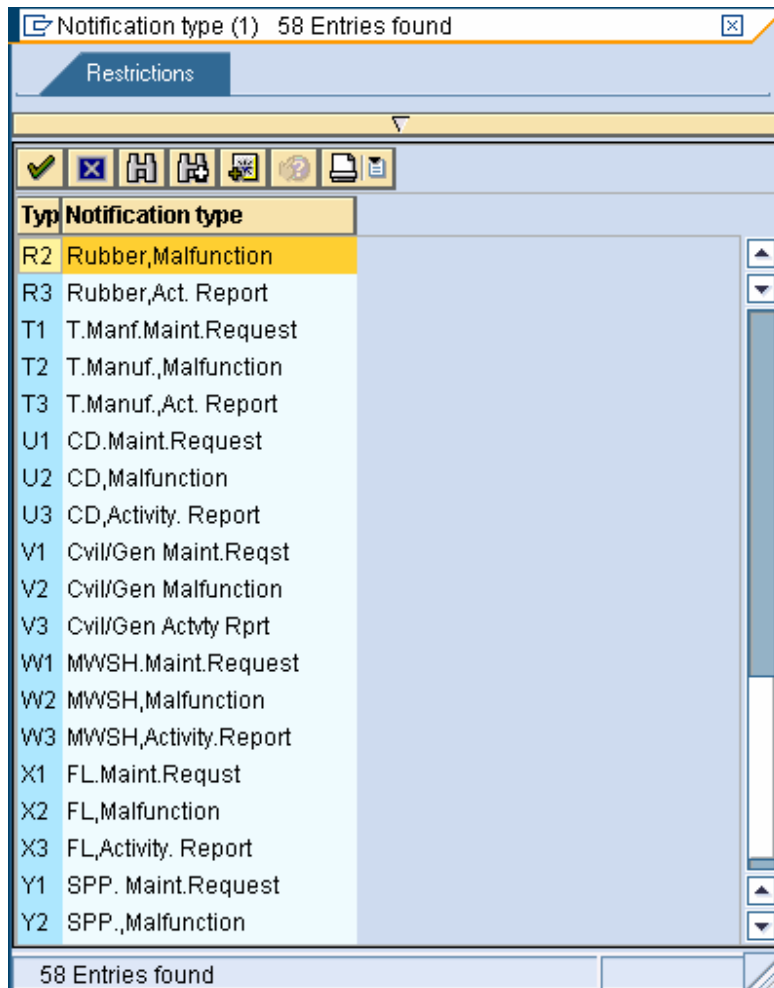

2. Click Logistics tree item  Logistics.
3. Click Plant Maintenance tree item  Plant Maintenance.
4. Click Maintenance Processing tree item  Maintenance Processing.
5. Click Notification tree item  Notification.
6. Double-click IW21 - Create (General) tree item  IW21 - Create (General).

Create PM Notification: Initial Screen

The screenshot shows the SAP 'Create PM Notification: Initial Screen' dialog box. The title bar includes the SAP logo and the text 'SAP'. The menu bar contains 'PM Notification', 'Edit', 'Goto', 'Extras', 'Environment', 'System', and 'Help'. The toolbar contains various icons for file operations and system functions. The main area is titled 'Create PM Notification: Initial Screen' and contains a 'Notification' tab. The 'Notification type' field is set to 'PM' and has a dropdown arrow. The 'Notification' field is empty. The 'Reference' section is expanded, showing the 'Notification' field, which is also empty. The status bar at the bottom right shows 'U_ILM', 'PKGDPV', and 'INS'.

7. Click button .
